

GOV. WHITMAN AND LESLIE JENSEN HELD PARTY ARRIVE TOMORROW

The Boston Symphony orchestra, numbering 104 people, passed through Ogden this afternoon, en route to Boston from San Francisco. The musicians are traveling in a special train of nine cars, transported over the Southern Pacific to Ogden and the Union Pacific to Omaha.

Assistant Superintendent S. R. Toucey of the Wyoming division of the Union Pacific took charge of the special at the local terminal, and will direct its movement as far as Green River, Wyoming. He will return tomorrow from Green River, in charge of the special train which is carrying Governor Whitman of New York and his party to the Pacific coast.

The "Governor Whitman" special is a train of six cars, including the private car "New York," and is occupied by a party of 123 people. It is scheduled to arrive in Ogden tomorrow morning as the second section of the Overland Limited, and will be immediately switched onto the Oregon Short Line tracks for a side trip to Salt Lake City. The party will remain in Salt Lake City until 1 p. m. Sunday, and will then return to Ogden, where the special train will be transferred to the Southern Pacific railroad for the remainder of its movement to San Francisco.

NEARLY 200 EMPLOYED IN CAN FACTORY IN OGDEN

W. W. Hodgson, assistant district superintendent for the American Can company, who has been in Ogden a number of days, looking after the affairs of the company, was joined today by his wife, and tomorrow they will proceed to San Francisco.

Mr. Hodgson is well pleased with the company's new can factory in Ogden, and he predicts success for the enterprise.

The factory is now employing 195 people, making cans, the little milk cans running into freight cars and stock cars at the rate of about three carloads a day.

There are three lines now in operation, and Superintendent J. G. Leonard states that the fourth line will be started the first of next week. A fifth line will be constructed in the factory next month. It is expected that as high as 250 people will be working in the factory in the busy season.

Running full capacity, the four lines will produce in the neighborhood of 350,000 cans a day. The capacity of the freight cars used in shipping the product is about 115,000 cans each.

Summer School At the Smithsonian

In addition to the regular stenographic work, a special four weeks' course in Office Practice and a six weeks' course in grade work for pupils from the public schools, will be opened in the Smithsonian on Monday, May 31. Pupils who have failed to make their grades, or who desire to take special or regular grade work, may call in person or over "Phone" 456.

Graduation Presents AT BIG DISCOUNT BRAMWELL'S

YESTERDAY SHERIFF T. A. DEVINE AND DEPUTY SHERIFF J. L. HOBSON ARRESTED LESLIE JENSEN OF HYRUM AT LOGAN, AND BROUGHT HIM TO THIS CITY TO FACE THE CHARGE OF OBTAINING MONEY UNDER FALSE PRETENSES.

It is explained by the officers that a short time ago, Jensen purchased a team and wagon of the Studebaker company at Logan, giving a conditional note in payment, which provided a lien on the property. He came to Ogden with the outfit and sold it to Durbin Terry for cash. The Studebaker people replevined the property and Jensen's arrest followed.

The officers claim that the cost of the outfit was about \$300, but that Jensen sold it for \$150.

"The Absentee." The Ogden.

PROGRAM FOR THE COMMENCEMENT

The twenty-third annual commencement exercises of the Ogden high school will be held tonight at the Alhambra theatre on Hudson avenue, and a general invitation has been extended to the public to attend. The only reserved spaces in the theatre will be the boxes and those seats occupied by the city officials, members of the board of education and the parents of the graduates.

The program will begin at 8:30 o'clock and will be as follows:

Music—Alhambra Theatre Orchestra Invocation—Rev. G. F. Rasmussen Solo—Miss Cleone Rich Salutatory—Miss Chrissie Hollenbeck

Declaration—"The Explorer." Mr. George Beck

Music—Alhambra Theatre Orchestra Declaration—"Katherine and Petruchio"—Miss Elean Couch

Organ Solo—Mr. C. Peart Alhambra Theatre Organist

Valedictory Address—Mr. Marion Dunsmore

Presentation of Graduates in Behalf of the Faculty—Principal J. E. Beeson

Conferring of Diplomas in Behalf of the Board of Education—Supt. J. M. Mills

School Song—Graduating Class

The closing hours of the evening will be passed by the class at the annual commencement banquet. This will be served at the Healy hotel and promises to be one of the most elaborate social affairs of the month.

MRS. NETTIE TOUT

COMMENCES ACTION

Claiming failure to provide, Mrs. Nettie Tout has commenced suit in the district court for separate maintenance against Fred M. Tout.

The plaintiff avers that she married the defendant June 11, 1889, and that for some time past he has failed to provide the necessities of life for herself and an adopted child. She seeks \$50 a month alimony, attorney fees and costs of suit, general relief and the care and custody of the child.

Real Estate Transfers

The following real estate transfers have been placed on file in the county recorder's office.

Albert G. Grissom and wife to F. Froerer, lots 15 and 16, block 47, Lake View addition, Ogden survey. Consideration \$10.

N. P. Eklof to the I. L. Clark and Sons company, part of the northeast quarter of section 5, township 6 north, range 1 west, Salt Lake meridian. Consideration \$2650.

I. L. Clark and Sons company to N. P. Eklof, part of lot 14, block 7, Ogden five-acre plat A, Ogden survey. Consideration \$2500.

Julius A. Smith and wife to the Ralph E. Hoag company, lot 3, Wallace subdivision, Ogden survey. Consideration \$500.

Arthur L. Jones to the Ralph E. Hoag company, lots 31 to 34, inclusive, Denver Place addition, Ogden survey. Consideration \$10.

P. G. Taylor to H. J. Romrell, parts of sections 6 and 7, township 6 north, range 1 west, Salt Lake meridian. Consideration \$1.

FRANK WATSON IS

SENT TO PRISON

Frank Watson, a colored man, was arraigned before Judge J. A. Howell this afternoon on the charge of burglarizing a residence at 2907 Pingree avenue. He pleaded guilty, and, waiving time for having sentence passed, he was sentenced to an indeterminate term in the state penitentiary.

The officers say that Watson stole a trunk belonging to Anderson Kyle when he committed the burglary. Kyle is in the county jail, awaiting trial for the murder of Charles Vaughn, a negro.

CHANGES ON THE

SAN PEDRO ROAD

Several important changes in the operation of the San Pedro, Los Angeles & Salt Lake railroad, affecting traffic through Ogden in connection with the Union Pacific railroad, will become effective Sunday, May 30, at noon. The announcement of the changes was made yesterday by J. H. Manderfield, assistant general freight and passenger agent of the San Pedro at Salt Lake City.

The principal change will be the operation of the Colorado-California

Limited westbound, a train that will run from Chicago to the Pacific coast via the Burlington Route, the Union Pacific and the Salt Lake Route. Eastbound, the train will be known as the Pacific Limited. The Overland Express will be discontinued and several other minor changes will be included in the new time schedule.

VOLCANIC ASH IS FROM LASSEN PEAK

Visitors at the office of H. L. Bell, assistant superintendent of the Salt Lake division of the Southern Pacific railroad, have been much interested in a vial of volcanic ash, from Mount Lassen, California.

The contents were scraped from the top of a box car that was at Imlay, Nev., when the recent eruption of Mount Lassen took place, by a Southern Pacific trainman and presented to Mr. Bell. Imlay is 200 miles from the volcanic mountain peak. In color, the ash is whitish gray and is as fine as talcum powder.

COLONIAL ROOMING HOUSE ON FIRE

A fire of unknown origin broke out in the Colonial rooming house on Twenty-fourth street early this morning and but for the presence of mind of the proprietress, Mrs. Alice Chandler, and a quick run by the fire department, the building might have been destroyed. As it was, but little damage was done.

The blaze occurred in an empty room on the top floor of the building and Mrs. Chandler was awakened by one of her tenants. She telephoned for the fire department and then ran upstairs and into the smoke-filled room with a bucket of water and checked the flames. The fire department arrived soon afterward and the danger was past.

It is thought that a tramp had taken free lodging in the room and dropped a match, purposely or otherwise, into some papers on the floor when he departed just about dawn.

CHIROPRACTOR IS

TO HAVE HEARING

Continuing the crusade against alleged medical practitioners of medicine without a license, Thomas E. Browning has filed a complaint against E. J. Frenner, a chiropractor, charging him with treating Lillian Standing for blindness without having a certificate to practice from the state board of medical examiners.

The warrant of arrest was served on Mr. Frenner, but he was released on his own recognizance until tomorrow morning when he will be arraigned before Judge W. H. Reeder of the municipal court, at which time arrangements for a preliminary hearing will be made.

The complaint alleges that the treatment complained of was given to Lillian Standing during the first number of months of last year.

BLACK SEA FLEET

IS STILL INTACT

Russian Embassy Denies Turkish Report of Sinking of Battleship.

Washington, May 28.—The Russian embassy has received a cablegram from the chief of the naval staff at Petrograd categorically denying the report of the sinking by Turkish mines or submarine of the Russian battleship Pantelimon in the Black sea.

The cablegram declares that the Pantelimon has not been in action or exposed to Turkish fire and in fact for some time has not been out of a Russian harbor, where she is now anchored. Denial is also entered of the reports that other damages have been inflicted on the Russian Black sea fleet as reported from Constantinople.

CONDEMNED MEN

GIVEN REPRIEVE

Florence, Ariz., May 28.—The board of pardons and paroles granted at the last moment today a respite to all five Mexicans who were condemned to die on the gallows at the Florence penitentiary today. The respite is not to exceed nine weeks, and the recommendation is made that the men be hanged separately on dates to be fixed by Governor Hunt.

Advocates of the abolishment of capital punishment hailed the decision with delight. The least concerned were the Mexican prisoners for whose lives the struggle had been waged. They had smiled at the prospect of death, and they did not change the smile when told they need not mount the gallows.

WILLIAMS' POLICY

ENDORSED BY BANKS

Oakland, Cal., May 28.—The policy of John Skelton Williams in the conduct of the office of comptroller of currency was endorsed by the national association of supervisors of state banks in the closing session here today. Albert E. Kuolt, Wisconsin, state bank commissioner, was elected president vice T. J. Smith of Kentucky.

Chicago, May 28.—Hog prices declined today owing to more numerous arrivals than expected and because of shipping orders not being liberal, but later the packers here took hold well. Wet weather acted as a handicap on sellers of cattle, sheep and lambs.

VERDICT IN WHITE CASE NOT ONE OF CHANCE

Claiming that seven of eight jurors in the case of Caroline White, administratrix of the estate of William White, deceased, against James Shipley and American Express company, arrived at an unlawful verdict, by adding seven individual amounts together and dividing the sum by seven, the defendants moved the district court for a new trial.

The case came before Judge N. J. Harris today, a continuance being ordered by the court shortly before 1 o'clock, the judge having been summoned to the bedside of his mother, who is ill. Six of the eight jurors were examined respecting the manner of arriving at a verdict for the plaintiff in the sum of \$780, and the other two will be questioned when the hearing is resumed.

Those who testified today were J. W. Gibson, S. A. Israelson, George Moyes, C. H. Thompson, James Gibson and John Martin, Jr., all of whom, except C. H. Thompson, stated that the verdict was not arrived at in that way. It was said by Mr. Gibson and others of the jury that the verdict was arrived at by adding and dividing the amounts of the verdict should be, but that the verdict was not agreed to by that means. They stated that the means only aided them in getting closer together, as there was a wide difference of values expressed on the first few ballots, the amounts ranging from \$500 to \$5000.

The jurors said that the basis of the verdict was the life expectancy of the deceased, a certain pension that was due him, and also what his earning capacity was. It was testified that as the jurors did not know the adding and dividing method, but that individual jurors used figures in that way.

Juror C. H. Thompson, however, differed somewhat from the others in his testimony, he stating that the adding and dividing process was used in arriving at a verdict. He stated, however, that a vote was taken on the final judgment after the figures had been agreed upon.

Mr. Gibson, J. R. Thompson, Mr. Israelson, Mr. Moyes and Mr. Martin said that the question of arriving at a verdict by combining the individual amounts and dividing the sum by the number of jurors participating in the verdict, was talked of and that the former, Mr. Gibson, said that a verdict arrived at in that way would be unlawful and void, and that it was understood that a verdict of that kind would not be given. They contended that the verdict, finally agreed upon, was given on the basis of the merits of the case, and in accordance with what the jury considered the widow should receive.

APPEAL MADE

FOR MEXICANS

Washington, May 28.—President Wilson, as head of the American Red Cross, today issued an appeal to the American people to contribute money and supplies of food for the relief of starving Mexicans.

The president's appeal, addressed to the public, was as follows:

"The American people, with characteristic generosity and an impartial brotherhood with all nations, have contributed liberally for the relief of the appalling sufferings caused by the unprecedented war in Europe.

"Appalling Conditions Prevail. There has now arisen a condition of equally great suffering and need close to our own borders. Due to several years of internal disturbance, the unfortunate people of many parts of Mexico have been reduced to the verge of starvation, and unless assistance is rendered them many may die for lack of food.

"The American Red Cross is ready to undertake relief work for the benefit of the Mexican people. I appeal most earnestly to our people, therefore, to contribute both money and supplies of food to mitigate the suffering and misery so close at hand. All contributions in money may be sent to the American Red Cross, Washington, or to its local treasurers. Those who are able to contribute rice, beans or flour are requested to write to the American Red Cross headquarters for instructions. (Signed) "WOODROW WILSON."

President Deeply Concerned.

President Wilson is understood to have become deeply concerned over reports from different parts of Mexico telling of the suffering of the people. The recent speech of Duval West, his special agent in Mexico, is said to have painted the situation in gloomy colors.

The president has been anxious to have the Mexicans work out their own difficulties but it is understood to be unwilling to have their civilian population starved as a result of continued warfare.

Washington, May 28.—The American Red Cross issued a statement today appealing for aid for Mexico. It follows:

"The conditions in Mexico are appalling. Great numbers of unfortunate people are victims of the factions who are fighting. They have been facing starvation for months, and now they have reached an acute stage when only food supplies can save them from death.

Consul Sends Telegram.

A telegram just received from Consul General Hanna, at Monterey, Mexico, says:

"The Monterey Chamber of Commerce has asked me to appeal to the American National Red Cross for food for the starving people of Monterey. nobly by the people, but has reached its limit. The commanding general assures free freight and free duties. The city is without food, and the people will starve unless help comes quickly. We do not want money, but earnestly beg for corn, beans and rice. If we can have help for three weeks, until green corn and garden stuff come on we will be safe, but we must have corn, beans, rice and

flour or starve. I most earnestly beg help, and that it be sent at once. This is no ordinary case. Thousands are hungry and will starve without help. The city has already had terrible food riots before troops arrived. Please beg Red Cross for relief for three weeks, until roasting ears are ready."

"Already the American Red Cross has a carload of corn and one of beans on the way from Laredo, Texas, to Consul General Hanna, at Monterey. Free freight and free duty have been arranged for, and the military authorities guarantee safe conduct. The Red Cross cannot continue to send assistance without public contributions. In scores of Mexican towns the same terrible conditions exist.

"Here we have in the western hemisphere people face to face with absolute starvation. The present has issued an urgent appeal, and the Red Cross seconds his appeal with all emphasis possible. Thousands of innocent women and children are in dire distress. We cannot let them starve to death. The Red Cross will place its own agent in Mexico and through the state department, in co-operation with the United States consuls there, such supplies as may be purchased with the contributions or given in kind, will be distributed among the suffering non-combatants.

"Arrangements will be made for warehouses, at which donations of corn, beans, rice and flour can be collected to be forwarded at New York, Galveston and Laredo. Any further information from American Red Cross headquarters, Washington, D. C."

COPPER COMPANIES

INCREASE DIVIDEND

New York, May 28.—A number of the copper companies today declared increased dividends on their stocks.

The Utah Copper company declared a quarterly dividend of \$1, an increase of 25 cents; the Ray Consolidated Copper company resumed the 37 1/2 cents quarterly dividend which was suspended four months ago; the Nevada Consolidated Copper company declared a quarterly dividend of 37 1/2 cents, an increase of 12 1/2 cents and the Butte and Superior Copper company declared a regular quarterly dividend of 75 cents and \$2.50 extra.

CAMINETTI ASKS

FOR AN APPEAL

Washington, May 28.—Application for a Supreme Court review of the conviction of F. Drew Caminetti in the California case, on charges of violating the white slave law, was filed here today by former Senator Bailey. It is understood that later a similar application will be made on behalf of Maury I. Diggs, convicted with Caminetti.

Caminetti, who is a son of A. Caminetti, commissioner general of Immigration, and Diggs, were convicted after a sensational trial and appeals to higher courts were fruitless.

Counsel Claims Mere Immorality.

Mr. Bailey in his petition to the court today said the case presented for the first time the square cut issue of whether the white slave law applies to cases which involve a "mere immorality," and have no element of commerce or coercion.

If it does apply to such cases he contends the law is unconstitutional.

"Considering the penalties in the act," says the petition, "this court would not be warranted in holding that it applies to a case of mere immorality unless the language clearly requires such a construction, because it cannot be supposed that any enlightened legislative assembly would declare an act of mere immorality a felony and authorize a court to punish the guilty man (or the guilty woman, for under a recent decision of this court the woman may be as guilty as the man) by an imprisonment for five years and a fine of \$5000. An intention to punish as felonious acts which are mere misdemeanors in practically all the states cannot be imputed to congress in the absence of language which clearly imports such an intention."

In considering the constitutionality of the act, Mr. Bailey urged that immorality was not a crime and no matter how heinous it might be abhorred it was subject to state and not federal control.

ENGINEER SAW

WAKE OF TORPEDO

Liverpool, May 28, 7:11 a. m.—While none of the crew of the American steamer Nebraska disabled Tuesday night by an explosion off the coast of Ireland, saw a submarine, the chief engineer believes he saw the wake of a torpedo on the starboard side, according to Captain Greene of the steamer.

The captain stated that there was a hole about twenty feet square in the forecastle below the water line.

"We were in the boats about an hour," he said. "The ship seemed to be settling by the head and we decided to stay close by until help, which we had summoned by wireless, arrived. While none of us saw a submarine, the chief engineer believes he saw the wake of a torpedo on the starboard side. The effect of the shock of the torpedo striking the ship was to stop her suddenly. There was a perceptible interval between the shock and the explosion."

"We started to return to Liverpool about 10:30 o'clock the same night, traveling eight knots an hour. The vessel was twelve feet lower down by the head than normal, owing to the water in the hold."

Damage to Vessel Severe.

The damage to the vessel's upper structure is so severe it is evident the shock the ship suffered must have been terrific. Great derricks were torn up and flung across the deck smashing the rail on one side.

Strong steel girders forming part of a hatch were blown out and some went overboard. In the deck, floor near the hatch two large holes were made, revealing the naked steel girders, two of which were cut through cleanly.

The bunks occupied by the boatswain and two quartermasters, all of whom were injured, are a mass of

wreckage and the men are wondering how they escaped more serious hurts. All the furniture and woodwork in the room were broken into fragments. The boatswain suffered injuries on the head, arms and legs. Both quartermasters were badly bruised.

The American consul and representatives of the American embassy boarded the ship Tuesday afternoon, meeting the steamer off the bar and coming with her to the docks.

State Department Anxious.

Washington, May 28.—American government officials awaited today with keen interest the affidavit of Captain Greene of the American steamer Nebraska, regarding the explosion that damaged his ship off the coast of Ireland on Tuesday night.

Ambassador Page at London had cabled that the captain's sworn statement concerning the incident had been given to Lieutenant Powers, naval attaché of the embassy at Liverpool, and that it would be forwarded at once.

Officials here express the belief that Captain Greene's affidavit may not be more definite than a previous report by him, which said that his ship either struck a mine or was hit by a torpedo. In unofficial advice received here the captain, who arrived with his ship at Liverpool last night, is quoted as saying that although he saw no submarine, he was certain that the ship was torpedoed. Officials have been unable as yet to determine from advice received up to date how the Nebraska was damaged.

An examination was to be undertaken in Liverpool today by American Naval Constructor McBride.

Secretary Bryan said that an incomplete report had been received from London of the investigation into the explosion which damaged the Nebraska, but that nothing would be made public until the report of naval experts had been received.
